

SECTION 4

★ FUTURE PLANS

“The best way to predict the future is to create it”.

- Peter Drucker

The ISA journey has been a **truly enthralling learning experience** for us at Vidya Vikasini School (ICSE). All through this journey we kept moving ahead, opening new doors & doing new things and our thirst for learning & making a difference kept leading us on the path towards success. **The Journey continues.....** as we aspire to keep the flame burning and intend passing it on in the years to come.

OUR FUTURE PLANS

ACADEMICS

- To **persevere integrated comprehensive teaching learning activities** with an International dimension.
- To **pursue the online courses and also grab opportunities for Teacher Development Programs** offered by the British Council to enhance the professional aspects of the teachers.
- **Continue the journey with the British Council My – Library** thus enhancing reading skills of every learner.

EXTRA CURRICULAR

- To **extend participation in all activities and programs organized by the British Council** for students and teachers.
- **Continue with our multifarious Morning Assemblies projecting international dimension** thus enhancing Global awareness and existence.
- To **continue the Community Service Activities** initiated as part of the ISA, thus spreading awareness amongst the masses becomes an integral part of our curriculum.

INTERNATIONALISM

- To **establish links with more international schools** for widening our perspectives and horizons.
- To **join the league of British Council School Ambassadors** and be an inspiration to many.
- **Inviting experts associated with the British Council** to empower our students and staff to represent our school on global platforms.
- To **continue partnership with the existing link schools** for fruitful exchange of culture, ideas and teaching – learning strategies.

“The future belongs to those who prepare for it today”.
