We believe in providing learning experiences to our pupils by not only giving them opportunities to work collaboratively with pupils from different cultures but also extending their knowledge and understanding of global issues. We were fortunate enough to have **partnerships with St. Peter's Junior School, Nottingham, UK for 3 years from 2010 to 2013, with Eugen-Grimminger – Schule (EGS) Crailsheim and Peutinger Gymnasium (PG) Ellwangen, Germany for 1 year in 2012 and with Rushcliffe School, Nottingham, UK during 2015.** Our students and teachers cherish the learning experiences from these partnerships and look forward for developing links with pupils and teachers from other schools as this will enhance the outlook of pupils and teachers in our school and encourage acceptance and tolerance within our school community. It will also provide wider opportunities to interact and learn about the cultural differences and similarities of the pupils in different parts of the World.

Mentoring and empowering students for becoming global citizens with an excellent character shaping them as worthy citizens who live up to lofty ideals and values and have a **keen civic sense with noble aims and worthy goals in life** is therefore our school's vision. Ours is a community dedicated to enabling its pupils **to develop their intellect & talents** and a **confidence to believe** that their **aspirations are achievable.** At VidyaVikasini School, we are all learners; we value learning & see it as life long process. We seek to create an open & creative community where all are valued & all are supported and challenged to be the best they can possibly be.
