

**“Alone we can do so little;
Together we can do so
much.”**

- Helen Keller

The International School Award journey at Vidya Vikasini School (ICSE) began for the second time in June 2017 with complete spirit, fervour & commitment and ever since **each day has been a day of learning, collaboration, explorations and challenges**. We are indeed privileged to be a part of the British Council ISA programme.

As the Principal, I am completely enthralled and speechless by the way our team of teachers and students walked this path with passion, dedication and with a common vision of **taking teaching - learning beyond the confines of our classrooms and made Vidya Vikasini School into a global village.....** a hub of multifarious activities with International dimensions. We have indeed **worked with determination and commitment to make a difference to every student by** opening new vistas of learning in order to make the education imparted a complete child centric and a wholistic process where every child is eager to learn, to share and to give. The activities conducted created an ambience of learning , building strong bonds and **creating new relationships** with ample opportunities to **connect with the wider world**. Nurturing our students in **becoming global citizens and viewing the world as border less** became an easy task.

“ The secret to a rich life is to have more beginnings than endings”.

The journey began will continue..... unleashing untapped potentials and scaling newer heights and epitomes discovering unexplored horizons each day.

**Bro. Jose Malana
Principal**
